

Mann Lake Swarm Lure

HD-376

Keep Swarm Lures in a tightly sealed jar in the refrigerator until placing them in the trap.

Do Not Open The Envelope, simply attach the closed envelope to the lid on the inside of the trap with a thumb tack or a staple. Place your trap approximately 9'-12' feet up in the air and about 200'-250' feet from the mother apiary. Each lure will last approximately one swarm season in the trap.
