TO THE REGULATORY OFFICIALS CONCERNED

2025 CERTIFICATE OF APIARY HEALTH 2025

This is to certify that the apiaries and bees of **H and R Apiaries and Roberts Bee Co.** of **Jesup, Georgia USA** have been under a regular inspection program by authorized inspectors of the Georgia Department of Agriculture and have been found to be **apparently free of diseases and pest of honeybees.**

Further, the Rules of the Georgia Department of Agriculture require that all honeybee queens and all packages of honeybees shipped from this state have been treated for the Varroa mite, Varroa destructor.

If you have any questions regarding this certificate or the health status of queen or package bees from Roberts Bee Co., do not hesitate to contact me. This certificate expires December 31, 2025.

A handwritten signature in red ink, appearing to read 'Jonathan Nixon', is written over a horizontal line.
