

# Mann Lake Swarm Lure

## HD-376

Keep Swarm Lures in a tightly sealed jar in the refrigerator until placing them in the trap.

**Do Not Open The Envelope**, simply attach the closed envelope to the lid on the inside of the trap with a thumb tack (drawing pin) or a staple. Place your trap approximately 9'-12' feet (2.74m-3.66m) up in the air and about 200'-250' feet (60.96m-76.20m) from the mother apiary. Each lure will last approximately one swarm season in the trap.
